Wendy /Mike:

Got a call earlier today from Region 10's Stephanie Kercheval. They have been trying to field calls coming into their call center pertaining to Gold King Mine. She wanted to know the Regional Points of Contact for FOIA related questions, as well as who in the region should field other questions and comments where folks just want to be heard.

She said she could not find the public webpage where information is being shared, so I provided her with the information and links that Gina sent to everyone earlier today. Wanted to make sure that you all are in the loop so that you can provide her additional information on who in the region should be fielding non-FOIA related questions / comments relating to Gold King Mine.
